

Mühlengrund Menu

Brewery & Restaurant

For 434 years, friends have gathered here at Mühlengrund to experience special moments over freshly brewed beer.

Our Story

The first mention of the establishment dates back to 1589 as the "Herrschaftliches Krughaus Nr. 4." It is one of the oldest buildings in Wienhausen and is, of course, protected as a historical monument. Since the turn of the century, the house has operated as a full-service gastronomic establishment that has continuously evolved.

Our beer is a naturally cloudy brew known as Naturtyp. For 25 years, the smallest mobile brewery in the world (Guinness Book of Records 1997) has been located in our inn. Both the brewing kettle and fermentation tanks are housed in a stainless steel frame that rests on sturdy wheels, which is why it is called mobile. However, in our establishment, the brewery has its fixed place, making mobility no longer a factor for us.

Since 2019, Mühlengrund has been operated by a new crew under the old virtues. We continue to brew new beer every week and hope to be a blessing for our guests and the Celler Land region. Special moments of enjoyment from the region for the region.

Creative, refined, extravagant
yet simultaneously artfully and personally enhanced.

Patric Buchholz's cuisine combines regional ingredients and distinctive flavors
into culinary compositions that are not easily forgotten.

His extraordinary style distinguishes him as a unique chef in the region.

The signature of our head chef can be found not only in the dishes but also
on our menu.
